

2020 Annual Report

Persistence Through Challenging Times

Reflecting on this past year, the COVID-19 pandemic has deeply affected so many individuals, and for several, it will likely have a lasting impact. Throughout 2020's challenges, Missourians in need could still count on the Alliance's unwavering support through the 1-888-BETSOFF helpline and 888betsoff.org website.

With casinos and entertainment venues largely shut down for a portion of the year, some of our most vulnerable populations were in the greatest need of the Alliance's prevention, awareness, treatment and recovery services. The Bets Off helpline fielded over 1,800 calls from those struggling with problem gambling in 2020, and there were more than 14,000 sessions on the 888betsoff.org website.

Our achievements in addressing Missourians' problem gambling needs, as highlighted in the following pages, would not be a success without you. I want to thank each and every one of you for your continued partnership.

Looking forward, the Alliance is collaborating with Provident Behavioral Health to offer their Feeling Kinda Blue (FKB) service on our 888betsoff.org website. FKB is an online service that provides chat rooms, forums and mental health resources to individuals going through a crisis. As part of this partnership and to better support our players, Provident will offer website visitors a survey option specific to problem gambling.

During the coming year, the Midwest Conference on Problem Gambling and Substance Abuse plans to meet virtually from June 16-17, 2021. This year's theme, "Celebrating Inclusivity and Hope: Recovery in Uncertain Times," seems to be a fitting message as we begin to round this corner of an unprecedented moment in time. I hope everyone is able to attend.

Mark Rembecki

*Director of Gambling Disorder Treatment Programs
Missouri Department of Mental Health Division of Behavioral Health
Missouri Alliance to Curb Problem Gambling Chairperson*

An Overview of the Alliance

Created in 1997, the Missouri Alliance to Curb Problem Gambling was the nation's first partnership of its kind. This unique partnership of public, private and nonprofit organizations recognizes the need to address the social problems and costs created when individuals have problems handling the product or service that the state and gaming industry provide.

MACPG

Missouri Alliance to Curb Problem Gambling

Missouri Alliance Membership and Contributions

Missouri Department of Mental Health's Division Behavioral Health

provides free compulsive gambling treatment services to compulsive gamblers and their family members by contracting with certified gambling counselors across the state. Funding for treatment, prevention and education services is appropriated from the Compulsive Gambler's Fund.

Missouri Gaming Association

provides funding for the 1-888-BETSOFF (1-888-238-7633) crisis and treatment referral helpline. St. Louis-based Provident, Inc., Life Crisis Services administers the helpline. The Association also provides the annual "Project 21" scholarship, which addresses underage gambling.

Missouri Gaming Commission

administers a statewide self-exclusion program for problem and pathological gamblers, known as the List of Disassociated Persons (DAP). A portion of the admission fees collected by the Commission is appropriated to the Compulsive Gambler's Fund.

Missouri Lottery

promotes the availability of free treatment to problem gamblers and their families through statewide TV and radio public service announcements (PSAs) and billboard advertisements. In addition to maintaining the 888betsoff.org website, the Lottery also supports a Self-Exclusion Program (SEP).

Port Authority of Kansas City, Missouri

assists in planning the annual Midwest Conference on Problem Gambling and Substance Abuse.

Alliance Member-Funded Service Highlights

Problem Gambling Helpline: 1-888-BETSOFF (1-888-238-7633) – 1,817 calls in 2020

Life Crisis Services operates a 24-hour helpline service for callers seeking help for a gambling problem. When contacted, Life Crisis Services provides counseling, assessment and referrals to callers while attempting to collect various socio-economic and gambling behavior information. A breakdown of this information can be found on the following pages.

Free Compulsive Gambling Treatment Services – 51 referrals through helpline in 2020

By appropriating money from the Compulsive Gambler's Fund, the Department of Mental Health is able to contract with certified outpatient treatment programs to provide treatment services, including individual and group counseling, family therapy, financial planning, remediation, and referrals for legal assistance.

Disassociated Persons (DAP) List – 115 referrals through helpline in 2020

The first of its kind when implemented in 1996, the Missouri Gaming Commission's DAP List allows problem and compulsive gamblers to enter into a five-year ban from all Missouri riverboat locations and direct marketing lists while invalidating their player's club account and denying check-cashing privileges. Members have a one-time opportunity to take themselves off the DAP List after five years have passed.

Lottery Self-Exclusion Program (SEP) – 5 referrals through helpline in 2020

The Missouri Lottery's SEP is a responsible gaming resource that aims to reduce the incentive to play Lottery games for players who classify themselves as problem or compulsive gamblers. By submitting an application, individuals voluntarily enter into a lifetime ban from claiming Lottery prizes of more than \$600, accessing their loyalty club account, and receiving email and text message communications.

18th Annual Midwest Conference Registration Is Now Open

'Celebrating Inclusivity and Hope: Recovery in Uncertain Times'

This year's Midwest Conference on Problem Gambling and Substance Abuse will take place virtually from June 16-17.

A scholarship opportunity is available every year to those new to the field of disordered gambling and who exhibit commitment, service and potential success as a professional within this field. This scholarship is named after Joanna Franklin in recognition and appreciation of her contributions to the field. Application materials were due by April 15. Scholarship recipients will be notified on April 30.

Conference registration is open. Keynote speakers and breakout session schedules are completed, and more information will be forthcoming.

Check your email and mcpgsa.org for more information.

MACPG

Missouri Alliance to Curb Problem Gambling

The Missouri Alliance to Curb Problem Gambling's mission is to heighten public awareness for the dangers of problem gambling; develop prevention and education programs for gamblers of all ages; and direct problem gamblers and their families to the 1-888-BETSOFF helpline and treatment.
